# The Essence of Tuscany

Located in the very heart of Tuscany, Borgo Santo Pietro offers a truly unique 5 star experience. Set within 13 acres of beautifully landscaped gardens, our 13th century Tuscan hamlet takes relaxation and pleasure to an entirely new level.

The finest organic foods, exceptional service, exquisite interiors and breathtaking views complete the Borgo experience.

## Accommodation

Borgo's accommodation combines ultimate luxury with refined elegance and exceptional comfort. The main villa offers luxury rooms, superior suites and the majestic Santo Pietro Grande Suite. Throughout the estate you will also find uniquely decorated garden suites which enjoy private gardens or secluded courtyards.

An eclectic mix of classic and contemporary design, Borgo's furnishings have been hand-picked from antique markets throughout Europe and include original pieces of art and one-off bespoke designs created by artisans and craftsmen. Rooms feature open fireplaces that can be lit on request whilst impressive four poster beds are finished with tailor-made luxury mattresses, Egyptian cotton and velvet throws.

## Unique Harmony

The unique experience created at Borgo is designed to restore and refresh all those who visit. Once a healing retreat on the pilgrim's path, it retains a deep connection with its spiritual origins. Beautifully positioned overlooking far reaching hilltop vistas, the seamless link between the villa and gardens provide many enchanting areas in which to relax. An intimate grotto entices guests to dine amidst the pleasures of nature, secluded corners of the rose gardens provide privacy and the poolside view of the Siena hills allows space to enjoy cocktails with panoramic views.

An elegant villa with a noble history, Borgo has been lovingly and masterfully restored with the greatest respect to its original heritage. A sophisticated combination of classic and contemporary design provides a timeless and captivating atmosphere within the exquisite interiors and glorious gardens. The inspiring interiors, decorated with frescos, trompe l'oeils and marquetry, sit magically alongside traditional Tuscan features such as flagstone floors, grand open fireplaces and vaulted oak beams and effortlessly convey a sense of timeless beauty and tranquil harmony.

## *Enchanting Gardens*

There are many gardens to enjoy at Borgo including classic Italian knot gardens, a restful lake, abundant antique roses, medicinal beds lovingly planted with ancient healing herbs and culinary gardens that provide daily baskets of fresh vegetables and herbs for the kitchens. The beautifully presented landscaped gardens also lead to acres of sensitively restored organic meadows, pastures, olive groves, orchards and farmland.

## Food and Wine

Authenticity and honesty is at the heart of all we create, from the food we grow through to the cooking process and dining experience. At Borgo's elegant Valle Serena Restaurant, both classic and contemporary dishes are made by a passionate team of skilled and inspiring chefs. Menus are created according to the season with fresh fish being sourced daily from the Mediterranean and organic free-range meats are supplied by local artisan farmers. Using the very best natural produce and seasonal ingredients, many of the vegetables, herbs, fruit, honeys and oils are harvested from Borgo's own land.

To accompany Borgo's unique menu, our sommelier has hand selected a collection of exceptional boutique wines from award winning producers in Tuscany. The well-stocked cellars also include an impressive choice of vintage, biodynamic and organic wines from Italy and beyond.

## Relaxed Dining

Borgo offers a tranquil environment in which to enjoy the true spirit of Tuscany with many inviting spaces for eating, drinking and relaxing. The Treehouse Bar provides a chic 'open air' atmosphere perfectly placed to enjoy the panoramic views across the valley.

Situated alongside the natural infinity pool, the Treehouse Bar has a vibrant atmosphere where seasonal lunches are created using traditional wood-burning grills and pizza ovens. In the summer months, the bar is the perfect place to enjoy an aperitivo or cocktail, whilst in the autumn, the comfortable sofas and chaise lounges provide a relaxed atmosphere in which to enjoy a book by the open fire.

# Wellbeing and Rejuvenation

The holistic center of Borgo is the intimate spa, which offers an enticing combination of beneficial treatments designed to soothe the mind, body and soul. Our spa products are made by 'Farmaceutica di Santa Maria Novella', one of the oldest pharmacies in the world, using only natural raw materials of the highest quality. For total relaxation, an enticing freshwater infinity pool rests gently amidst the grounds overlooking the Valle Serena.

## *Farm and Community*

An essential element of the Borgo lifestyle is our farm that produces vegetables, fruit, herbs and honey for our kitchens. Simple honest seasonal ingredients are grown organically then nurtured and harvested with love, honoring the 800 year old tradition of producing food for this ancient Tuscan hamlet.

Our core values are reflected in everything we do at Borgo Santo Pietro. We respect the location, traditions, the natural environment and our community, who remain at the heart of the lifestyle we represent. We also support many local producers, artisans, farmers and, of course, our neighbours.

## *Borgo & Beyond*

At Borgo we give our guests something extra special – a meaningful and long lasting memory of a very special experience in Tuscany. Our Concierge service can tailor excursions to suit your personal taste. We can also organise private tours and unique visits where you can enjoy an authentic insight into Tuscan life. To reflect our philosophy, we have designed a collection of activities that complement Borgo and its vibrant spirit. Flower arranging with our in-house florist, painting with our resident artist, cooking lessons, wine tasting and garden walks all allow you to experience life at Borgo Santo Pietro.

# Awards

## **GEO SAISON 2014**

"Top 100 Hotel"

## **CONDÉ NAST TRAVELLER 2013**

"You had me at Hello. This is the Tuscan idyll you've always wanted to find. The ultimate fail-safe answer to the question 'Where do we go for the loveliest weekend?' Borgo opened four years ago and knocks the socks off the competition. In comparison, little boutiques flounder; big castelli seem dusty, draught and old-hat... it runs like a grande dame."

## **BOUTIQUE HOTEL AWARDS 2012**

"The Best Overall Boutique Hotel in the world."

## **ONE OF TATLER'S 101 BEST SPAS IN THE WORLD – TATLER SPA GUIDE 2011**
